A. SAI SANTOSH REDDY

Hyderabad, India | saisantoshreddy2314@gmail.com | +91 9553889988 | github.com/santosh2341

PROFESSIONAL SUMMARY

Software Engineer building business web applications, CRM systems and workflow automation tools with JavaScript, Google Apps Script, React and Supabase. Shipped 2 internal tools at SEN Company (FlowSync CRM and Quote Builder) and builds IyraCare, a healthtech platform for medical centres in India, as a part-time project outside work hours. B.Tech Computer Science graduate with additional experience in Python, Django, Express, MySQL, MongoDB and Firebase.

TECHNICAL SKILLS

Languages: JavaScript, Python, C, R (Basic), SQL

Frontend: React, HTML5, CSS3, Astro, Responsive Web Design

Backend & Frameworks: Node.js, Express, Django, REST APIs, Google Apps Script

Databases: MySQL, MongoDB, Supabase (PostgreSQL), Google Firebase

Automation & Integrations: Google Sheets, Google Drive, Gmail, WhatsApp Quote Automation, Workflow Automation

Tools & Platforms: Git, GitHub, Vercel, Power BI, Microsoft Excel

PROFESSIONAL EXPERIENCE

Software Engineer (Full-Time) | SEN Company, Australia | *Dec 2025 – Present*

- Delivered 2 internal tools for the business: FlowSync CRM for customer and job management and Quote Builder for sales quoting.
- Replaced manual data entry with automated workflows across customer onboarding, document handling, customer emails and quote generation.
- Gave staff a live dashboard of job progress, submission status and pending tasks, so work no longer had to be tracked by hand.

Administrative Assistant (Part-Time) | SEN Company, Australia | *Apr 2024 – Dec 2024*

- Managed data entry, scheduling, documentation, internal communications and filing systems while completing full-time B.Tech studies.
- Gained first-hand knowledge of the business workflows later automated through FlowSync CRM.

PROJECTS

FlowSync CRM | JavaScript, Google Apps Script, Google Sheets, Google Drive, Gmail

- Built on Google Apps Script with Google Sheets for customer and job records; a Google Drive folder is created automatically for each customer and receives their document uploads.
- Single customer profile shows submission status, email history and required documents, and customer emails are sent through Gmail from inside the CRM.

Quote Builder | JavaScript, Google Apps Script, Google Sheets

- Catalog of products with pricing, specs, brochures and brands; a recommendation calculator matches products to customer requirements during sales calls.
- Vendor comparison finds the best supplier price, and a quote with product details and pricing is sent through WhatsApp in one step.

IyraCare (Core Developer) | Part-Time Project, outside SEN working hours | Feb 2026 – Present | iyracare.com

- Operating system for medical centres: appointments and live queue with SMS or WhatsApp patient updates, GST billing, shared patient records, and pharmacy and inventory with stock forecasts and expiry alerts.
- Security features including encryption, role-based access and audit logs.

EDUCATION

B.Tech, Computer Science | Aurora's Technological and Research Institute (ATRI), Hyderabad | *2021 – 2025*

Intermediate Education | Narayana Jr College, Hyderabad | *2019 – 2021*

SSC Board Education | St. Peter's High School, Hyderabad | *2019*
